IT IS TO BE HOPED that Governor Cham berlain will make a requisition upon Gov. Smith, of Georgia, for the cowardly mispreants who, without provocation, committed a dastardly assault upon the colored hotel waiter at Charleston, besides assaulting every Republican whom they met upon the streets.

IT IS A notorious fact in Southern politics that Sam Tilden and his strikers spent their money lavishly in purchasing leading Democratic papers in that section. It is said that the prices paid ranged from \$500 to \$10,000. When the report got out that money was being used certain papers redoubled their abusive attacks upon the New York reformer, which invariably resulted in the editors "being seen." No less than \$200,000 were thus expended in the Cotton States alone, and the result was the nomination on the second ballot of Tweed's "right hand man." And yet in the face of these transactions, the Democ racy have the effrontery to attempt to palm this man upon the country as a genuine reformer. The 7th of November will reveal to Southern Ku-Klux and Northern doughfaces the exact estimation in which "re former" Tilden is held.

IT IS THE DUTY of the Administration to see to it that Southern Republicans are properly sustained in the approaching contest. It is folly to expect these men, who have been hounded down for opinion's sake, to defend themselves. The same spirit which enabled Preston Brooks, Wigfall. Toombs et al. to brow-beat and in Zimidate Union men in the Nation's Capi 2al prior to the war, now holds undisputed Eway at the South. Not to protect them is to sacrifice loval men with apostacy. If allowed to express their sentiments at the polls, the Republican party can safely rely THOMAS M. SHEPHERD, upon carrying South Carolina, North Carolins, Florids, and Louisiana. Without the interposition of the National arm, not even the former State can be counted for the Cincinnati pominees. Let district attor neys and marshals in each of the Southern States be at once instructed to perfect such arrangements as will insure a free and unblased expression of opinion in the approaching election. Like the late Confederacy, all that Southern Republicans ask is "to be let alone." If there is no inherent Justice amongst the Southern whites, they must be taught to respect the law at the point e bayonet. By all means let the Southpublicans be protected in their

THE SACHEMS IN COUNCIL.

On the 4th day of July last the sachem of Tammany mocked our national independence by a celebration thereof. It was mere mockery. The organization thus represented is akin in principle and purpose to the forty thieves, whose integrating power was plunder. It has no sympathy with the Government beyond the power of aggrandizement. Augustus Schell, who, politically, is a mere jack in a box, made a pilgrimage to St. Louis to defeat Tilden, who is a great scoundrel, according to his representations there, now "eats crow" in humility, and leads Fernando Wood to the altar of self-abnegation. Schell is hilarious and impudent, while Wood is pretensive and hypocritical, as he ever is in all matters of national import. The one gats crow with wonderful stomach, while the other attempts to fool the goddess of liberty into the belief that he is her friend. Wood always was a fraud in politics, to say nothing of his social status. He now Bigempts to play saint, with the hoofs and Tiorns protruding beyond his hypocritical disguise. The people know and despise

During the war to crush rebellion Fernando Wood was a worse traiter than Jeff. Davis, for the reason that Davis was onen, bold and manly in his fight against the Government, while Wood was mayor of the commercial metropolis of the country and took advantage of that position lo cornive at treason and rebellion. He semitted to less respect to-day from all loyal men than the arch-traitor of the

And yet Fernando Wood offends decency and pa riotism by delivering an address on the Fourth of July, when if he had his deserts he would be excluded from the world for his want of loyalty and patriotism when the dark clouds of rebellion rolled over this republic.

The representative of the gambling hells of New York-the man of wealth who glitters in all-gotten gold-the vile hyrocrite who stands up in his shame and with brazon effrontery as an orator upon a patriotic occasion, with a shameful record behind him, presumes to arraign General Hayes for a want of firmness to resist plunder and corruption, should he be elected President of the United-States. This is a little too much for common depency, to say nothing of patriotism, to endure. While General Hayes stood firm against the cohorts of rebellion in the Shenandoah Valley, Wood was sympathizing with and aiding, so far as he dared, the cause which Haves was resisting with so much firmness and patriotism. Wood raises the cry of reform, after his colleague in fraud and corruption, Wm. M. Tweed, has escaped the penalty of his crimes and has gone abroad as the scape-goat of Tammany.

What hypocrisy ! Wood, Tweed and Tilden were the emocratic trinity under whose dispensaon the ballot box was corrupted, the war crush the rebellion was embarrassed, and be tax-payers of New York were despoiled ftheir millions. Tweed is a fugitive from d Tilden are left to ma'te

REAT REDUCTION OF BOARD AT THE CONTROL OF BOARD AT THE STRINGS.—Owing to the depressed condition of the colarges, that all may be as determined the boardits from the use of these justify celebrated waters. They need no recommendation to Washingtoniana, since they have so fully established their efficiency through the thousands who have been brought from death's door to renewed health by the use of their wonderful medicinal waters. Since last summer the Chalybeate Spring, which was opened last year, has been thoroughly analyzed by Prof. M. B. Harden, of the V. M. I., of Virginia, and by comparison shows it to be fully as strong as "Hawley" of carbonate of fron, having a small quantity mere than one and a small quantity less than the other two springs. So in addition to the water that has made these aprings so famous, the proprietor takes pleasure in amouncing that he can furnish those who much the more celebrated waters of the connection pure carbonate of fron (chalybeate) water, inferior to none, and equaled only by Rawley, in the State, This at the very cheap rates, with accommodation fully up to any previous year.

There.

The river front is nite; up expectage as alouists, and is, without exception the best location for this purpose on the Potomac river. There is an extensive lawn reaching down to the water's edge, numerous shade trees, athers, booths, patent swings, &c., and a pavillion the largest south of Philadelphia. There is excellent fishing, bathing, and beating at the piace, and it is thought that a first-class Summer Boarding-house would pay well, as there is nothing of the kind within seventy-five miles. as there is nothing of the kind within seventy-dre miles.

A public road leads down to the wharf in front of the premises, and is the principal, if not the only, outlet toward the river for fruits and produce from farmers in Charles county. The site is a good one for a store, and there is a building on the place admirably adapted for finch a burpose.

The steamers Mary Washington and Arrow, from Washington, touch at the wharf on their daily trips downward and upward.
